The second part of the WS 29 session (The idea of enclosure in recent Iberian Pre-history), coordinated by António Carlos Valera and Lucy Shaw Evangelista will be held on the 6th of September, integrated in a field trip to Reguengos de Monsaraz.

In the morning 3 papers will be presented at the Torre do Esporão auditorium and there is a organized visit to the Perdigões site exhibition.

In the afternoon, the final discussion and debate will be held, coordinated by Filipe Criado Boado and with the special collaboration of Susana Oliveira Jorge and a field trip to the Perdigões settlement.

The limited number of registrations for this field trip is 30 people and includes transportation. No meals included.

To access the definitive programme of this session please consult the last minute updates on the UISPP site.
